SUMMARY

Dedicated and enthusiastic Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning. Passionate about problem-solving, software development, and emerging technologies. Seeking opportunities to apply technical knowledge, enhance practical skills, and contribute to innovative projects while continuously learning and growing in the technology field.

EDUCATION

Gayatri Vidya Parishad College of Engineering for Women

Bachelor of Technology (B.Tech), Computer Science and Engineering (AI & ML), CGPA: 8.6/10 Expected Graduation: 2028

TECHNICAL SKILLS

Programming Languages: C, Python

Data Structures and Algorithms (DSA)

Object-Oriented Programming

Machine Learning Fundamentals

Artificial Intelligence Fundamentals

Database Management Systems (Basic)

Operating Systems (Basic)

Problem Solving

Microsoft Office Suite

CERTIFICATIONS

Hackathon Project Participant

CERTIFICATIONS & PARTICIPATION

Participated in a hackathon focused on solving real-world challenges through innovative technology solutions. Collaborated with team members to develop ideas and present solutions effectively. Enhanced teamwork, problem-solving, and communication skills.

ACADEMIC HIGHLIGHTS

Maintaining a CGPA of 8.6. Actively learning Data Structures and Algorithms. Pursuing knowledge in Artificial Intelligence and Machine Learning. Strong interest in software development and technology-driven solutions.

STRENGTHS

Quick Learner Team Collaboration Adaptability Problem-Solving Mindset Strong Communication Skills Positive Attitude

LANGUAGES

English Telugu Hindi

INTERESTS

Artificial Intelligence Machine Learning Software Development Coding and Problem Solving Learning New Technologies
